

Mikrobiologische Kriterien für Lebensmittel

Microbiological Criteria for Foodstuff

Published in Fleischerei Technik International (24)2008, 7-8, p. 22-24

Summary

A comprehensive legislation, especially the so-called hygiene package (see FT 3-4/2008) has been launched by the EU for health protection of the consumers. Other directives are established in the VO (EG) 2073/2005 and the change regulation of 1441/2007 concerning „Microbiological Criteria for Foodstuff“ considering here.
